[Special to The Times-Dispatch.]

Plenty More Like This in Richmond.

Dr. J. C. Richmond people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can he had than such endorsements?

J. S. Good, retired farmer, of 317 West Main Street, says: "For twenty years I have had attacks of lameness and weakness across the small of my back. Sometimes I was hardly able to get up from a chair, and when I walked I made any sudden or awkward movement when the attacks were in the acute stage the sharp twinges across the loins furiously made me groan. The secretions from the kidneys being largely confined to the night, I was in action, particularly so when I contracted a cold, compelled me finally to consult a physician. I also used more than one standard remedy and was disappointed with every different success until I went to Oakes & Minor's drug store for Doan's Kidney Pills. They proved to be just what I required. Undoubted results followed the treatment promptly, and when I had completely recovered and the secretions from the kidneys resumed their ordinary condition."

For sale by all dealers. Price 50 cents. Doan's Kidney Pills, Buffalo, N. Y., sole makers of the "Little Blue Pills."

Remember the name—Doan's—and take no other.

The committee on conference with the railroads was commended for its work, which is reported in good condition; and the committee was continued. In discussing this report Mr. George E. Caskie, of Lynchburg, a member of the committee, said that when he first learned

very much encouraged as he believed the railroads are as honest in this matter as is the church, and that they were treating the matter seriously. He thinks that something substantial will be done. He expressed the opinion that the Sunday excursion train is doomed, but this is a matter that must be regulated by laws passed by the legislature.

Rev. W. S. Campbell, agent of the Bible Society, spoke on the work of the Bible Society of Virginia and of the American Bible Society. A committee

was appointed to respond to the address. There was no session at night, but a reception was given the Synod by Mary Baldwin Seminary.

WRECKED STEAMER

The George Farwell Will Become
a Total Loss.

(Special to The Times-Herald.)
NORFOLK, Va., October 27.—The American steamer George Farwell, which went ashore at break-out tonight at Cape Henry, is now a total loss. There is no possibility of saving the vessel, as it is leaking from stems to stern, the water flowing in and out at the top and falls. The Norfolk & Chesapeake Wrecking Company has succeeded in getting about 6000 feet of the cargo of sugar timber out, but the remainder is expected that most of the remaining 12,000 feet will be saved.
